

Design and Technology

Designing and making our own animal hand puppets.
Using textile skills, templates, cutting,
Stitching.
Bear Grylls: what can you find to eat, how could you make shelter?

Computing

To design their own animal and to create a habitat for their new animal.

Spring Term 2017

Year

Maths

Creating our own recipes (using measurements) for food we can find and make in the wild.

Science

Recognising that living things change over time. Identifying Habitats.
Creating our own fossils

Geography

The diverse landscape of Africa - research for our African Adventure writing (Setting the scene)

Art and Design

Looking at and drawing animal skins and textures. Exploring media to inform our puppet designs.

Hook

Real life animals brought in for children to touch and find out more from the owners.

Music

Mr Hills to help children compose a piece of fitting music on the ukulele.

Reading

Recommended some home
Reading: Jungle Book, and The Lion King.
Films: Castaway and the above books.

History

Links to African Art

Writing

BBC Radio 2: 500 word writing competition.
African adventure, finding shelter, food and how to survive.

PE

Traditional African dance.

Visits and Visitors

- Tropical World
- Yorkshire Wildlife Park with educational workshop
- Animals brought into school for children to handle

Mini Topic Possibilities

- Could look at creating our own script for the hand puppets,
- Baking: creating a recipe book with revolting recipes from bugs, berries and animals.
